

Parking for the Seattle Labor Temple is available in the Ellington Building across the street.

The SLTA parking entrance is in the alley between Western Avenue and First Avenue, at the north end of the alley – nearest Broad Street. (The garage door at the south end of the alley, nearest Clay Street, is not SLTA parking.)

To enter, press 4444# on the keypad to the right of the gate. To exit, pull up to the garage door and it will open automatically.

Designated parking for disabled persons with valid permits is located to the right, at the top of the ramp. The elevator to First Avenue is also at the top of the ramp. Use the same code to gain access to the elevator when returning to your car.
